LIGHTING

THE 2021 SHOWROOM COLLECTION

WELCOME TO ELK HOME

Within these pages, you will discover the Elk Home Showroom Collection, which offers a diversity of styles and trends in decorative residential lighting that will allow you to carry a theme through your entire project and allow you to express your personality in various applications and settings. We invite you to explore these pages and be inspired by what you find.

We may have a new look, but we have the same commitment to product leadership, quality, value and service. Our latest collection represents an inspiring new chapter for the company, and we think you will love it as much as we do. Thank you for the opportunity to be an inspiration for your lifestyle.

ABACA

Abaca is a type of banana plant from the Philippines whose stalks produce fibers used in decorative items due to their flexibility, strength, and natural beauty. The Abaca collection has a simplistic design that allows this material to be the focus of attention. Each strand of Abaca rope is tightly hand wrapped to form a textural facade of warm neutral-toned colors. Choose between Satin Brass finished hardware with natural abaca or Polished Nickel with gray abaca.

STRUCTURE

The post and beam style can be found in many barns and houses across America and the world dating back thousands of years. The Structure collection emulates this traditional building technique with boldly scaled and intricate lighting designs. Each item has three sizes of solid wood pieces that are joined together into a complete fixture with accenting metal hardware fitted with oversized nuts and bolts at each angle. Choose from classic finish combinations including Natural Wood with Oil Rubbed Bronze hardware or Medium Oak with Satin Brass.
